## TERMS

Subject to the terms of a customer agreement, payment is due 15 days from the date of delivery. A FINANCE CHARGE is assessed on balances over 30 days. The Finance Charge is computed by a periodic rate of 1.5% per month (which is an ANNUAL PERCENTAGE RATE OF 18%) on that portion of the previous balance over 30 days less payment and credits appearing on this statement. All payments received after the statement date will be credited on your next statement. Remit payment by due dates unless you have an Auto Pay account. A late payment fee may be incurred if your payment is not received by the due date. Based on market conditions and the state in which the delivery was made - the Hazardous Material (HM) delivery fee is \$9.98. ## Part B - Additional Terms:

The following terms shall be a part of this Agreement in addition to Part A, as agreed upon by the Consumer and the Company.

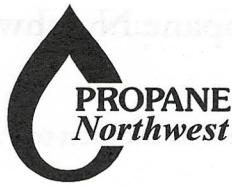

1. Consumer's payment under this Agreement does not include charges for installation, connection or disconnection of the rental tank and equipment. In addition to the price of gas and the rental charge for the tank, there will be a charge for labor and materials for tank and equipment installation, connection or disconnection.
2. Consumer and property owner agree that the Company's representatives may enter the property owner's premises for the purpose of making deliveries of LP gas, for access to equipment into which the gas is to be delivered, for removal of the Company's property, in the event of default or termination of the Agreement, and for any other purpose related to this Agreement.
3. Consumer agrees to pay for all taxes, attributable to the gas and equipment during the period of this Agreement.
4. The Company's LP gas equipment is not to be moved, handled or tampered with in any manner by anyone not authorized by the Company. A Company authorized propane dealer or the Company must be called if maintenance or repairs are necessary.
5. The Company is not responsible for damage caused by the LP gas or equipment including bulk storage tanks and regulators, as a result of conditions beyond Company's control. The Company is not responsible for failure to deliver gas in time of shortages, labor unrest, riot or due to conditions beyond Company's control.
6. The Company will make deliveries of LP gas according to a delivery schedule established by the Company. If the Consumer requests special, urgent deliveries, the consumer agrees to pay an extra charge for transportation.
7. This Agreement is not subject to transfer or assignment by the Consumer in any manner and shall be subject to termination by the Company if Consumer ceases to occupy or use the premises to which gas is delivered under this Agreement.
8. Either party may terminate this Agreement. In the event that the Consumer has failed to make payment to the Company in accordance with the credit terms applicable to the Consumer, the Company may terminate either the lease of the Company's equipment or the delivery of LP gas or both without prior notice. This agreement shall supersede any voluntary or involuntary petition for relief by the Consumer under the Bankruptcy Act.

If "Part A - Bulk Service" applies to this Agreement, Consumer agrees to pay for all gas delivered before termination by the Company or before termination by Consumer.

Upon termination, in addition to any other remedy it may have, the Company may a) adjust or disconnect the equipment to stop withdrawal of LP gas from the tank or b) repossess the Company's equipment, and repossess any LP gas left in the tank. A credit for the gallons remaining in the tank at the time of repossession will be applied to the Consumer's balance due.

Rental payments, or portions thereof, which have been paid for any remaining part of the rental period after termination due to the Consumer's move to another location, will be credited by the Company toward any future equipment rental charges if the Company shall, within 90 days, provide rental equipment for the Consumer at another location. Rental payments made by the Consumer will not otherwise be credited or paid to the Consumer, but will be retained by the Company.

9. The Consumer will pay all costs incurred by the Company to enforce any of the provisions of this Agreement, including reasonable attorneys fees.
