Manager's Report

- Four Year Warranty Work – Going slowly with labor shortage. Work crew slowly working through caulking but concern that painting may be pushed out and possibly get into the rainy season.
 - Irrigation – Ongoing concern about leaks as well as areas not receiving water. Rich will ask Premier to get a proposal to consider repairs to the system as whole.
 - Landscaping – Approved rocks lining certain areas have been installed, intended to help the newly laid bark stay in place better. Bark work is about 2/3 done, to be completed
 - Garage door painting – Homeowners have been notified and HOA will execute painting if no response.
